

## THE MORNING APPEAL.

The Official Paper of Ormsby County.  
TUESDAY..... FEBRUARY 19

### ALL SORTS.

Wm. Sharon of Virginia was in this city yesterday.

The Cotillion Club will give their next dance Thursday night.

The Senate yesterday knocked out the bill providing for a constitutional convention.

Wm. Sharon is up from the Bay. He is practicing a new step for the inaugural Ball.

Young Allerson, who had his skull fractured in a foot ball game at Fresno, Cal., died yesterday.

The weather has turned warm and the backbone of the Winter is reported broken in two places.

District Attorney Langan and Deputy Attorney Knight, of Storey county arrived in Carson yesterday.

Since Charles Allen of Eureka who drew the \$50 check at Cohn's on a \$2 purchase, all the Assembly trade is at Abe Cohn's.

Hon. C. C. Wallace is mentioned by the San Francisco Chronicle as the possible successor of W. W. Stow of California, recently deceased.

The box-sheet is now open for seats at Miss Howe's entertainment. No extra charge for reserved seats, box-sheet at Steinmetz Drug Store.

### SILVER CITY NOTES.

The mining outlook was never brighter and the camp is bound to boom in the Spring.

A. A. Pollard is having a new flume built from his reservoir in American Canyon to the Pollard Mill.

Everybody is working, some on leases and some on their own claims, and all are meeting with success.

All of the old mines are looking well, particularly the Oest, Haywood, Great Western, Succor, Overland and Brodek.

There are three mills now running, the Pollard, Foot and French. The others will start up very soon if good weather continues.

There is a large amount of ore out at the different dumps awaiting hauling to the mills. It will be hauled as soon as the roads are in a condition for teams to move.

Wells Drury formerly of this city is now the city editor of the Call, under the new administration. Mr. Shortridge has made a good choice as Drury is one of the most practical newspaper men this State ever turned out.

Spring Valley seems to be the point for attraction at present. Ore is being extracted from six different claims, all of which is a good grade, and the claims are all within a radius of one mile. There will be a great deal of prospecting done in this section in the Spring.

### Hearts are Trumps.

Diamonds are not in it on Valentines Day. You can get a sentimental or comic valentine from 5 cents to \$1 at Cagwin and Norewares, where a new lot has just been received by express.

Joe Daley, a Gold Hill boy, had his leg broken yesterday from a kick by a cow.

### A Sunday Footrace.

On Sunday there was a little footrace on the Warm Springs Road. The race was run by some Reno and Genoa sprinters, but then again they are credited with being from Frisco and Placerville.

They are called by various names and as far as the APPEAL reporter could learn, there is no sure thing on who they really are or where they came from.

They sing the old song. "What's my name and what's my game, I do not care to tell."

There were quite a number of our citizens and a member of the Legislature (Rep.) interested in the outcome.

The man who was expected to win, or the man that some other parties were expecting to win, didn't reach the line as soon as he was scheduled. They claim that the starter was in the job, also the backers, also the runners, and some say that the man who fixed the road wasn't above suspicion, that he put too much sand on the home stretch.

As an upshot of the affair, a check for \$200 is stopped, and law suits are threatened. The APPEAL long ago advised people never to place any confidence in sprinters who run on the Sabbath day.

### An Embarrassing Conversation.

A good joke is related at the expense of a modest young Elko newspaper man, which is going the rounds and is credited to "Ex." It is to the effect that the pusher of the pencil went out to report a party the other evening where the home had been recently blessed with a new baby. Accompanied by his best girl he met the hostess at the door, and after the usual salutations asked after the new baby's health. The lady, who was quite deaf and suffering with the grippe, thought he was asking about her cold, and told him that though she usually had one every winter this was the worst one she ever had; it kept her awake at night and confined her to her bed. Then noticing that the scribe was getting pale and nervous she said that she could tell by his looks that he was going to have one just like hers, and asked him to go in and sit down. The paper was out as usual the next week, but the local editor has quit inquiring about babies.

### Prof. Krall's Entertainment.

Last evening Prof. Krall gave a concert to a large audience at the Odd Fellows' hall. Like all of his concerts, there was a feast of the highest class of music, appealing to the most cultivated taste. The programme was a very choice one and delightfully rendered. Most of the performers were pupils of Prof. Krall and their work impressed the audience with the superior methods of his teaching. The entire program was perfectly rendered and the hearty and discriminating applause showed how thoroughly the large audience enjoyed the evening's entertainment.

Miss Lottie Lamb of Virginia City was the leading vocalist and her singing as well as her instrumental music made the most pronounced hit of the evening.

Three carloads of people came down from Virginia.

### "A Widow Aged 30."

In another column will be found an advertisement of a Nashville "Widow aged 30," who wants to marry and change her climatic conditions. She has paid the State of Nevada the compliment of wanting to wed a Nevada man.

We think she ought to be encouraged, and the sooner her wants are satisfied the better. There are lots of men in Nevada, who might be just the party for this young Tennessee widow. People who have lived in Tennessee, and know the good points of the Tennessee widows, speak very highly of them. The advertisement in the APPEAL is genuine, and no man who wants a Tennessee widow can afford to let the opportunity slip.
